

# City of Grande Prairie

2008 to 2011

## EXECUTIVE SUMMARY

December 15, 2008  
Final Draft

## ***VISION Statement***

*As a vibrant community of rapid growth and prosperity in Canada, Grande Prairie is a community of excellence that embraces challenges and opportunities.*

## ***MISSION Statement***

*We are building a community of excellence by:*

- *Adding to our list of award winning best practices*
- *Consistently reaching out for national and international events that showcase our community*
- *Constantly searching for new ways to better achieve results*
- *Pioneering new solutions to growth*
- *Striving to be environmentally friendly*
- *Demonstrating fairness and equity*
- *Recognizing the need for investing in regional community capacity*

## ***Operating PHILOSOPHY***

*We are committed to:*

- ***fiscally responsible** allocation of resources*
- *meeting the needs of a **growing community***
- ***regional integration and partnerships** that benefit everyone*
- *these **guiding beliefs**: “by being a customer responsive organization that strives to be the best it can through continuously improving. We value **CO-OPERATION, INTEGRITY, FLEXIBILITY**, provision of quality service by **CARING** employees in a **FUN** atmosphere”.*

**FOCUS AREAS:**

*Grande Prairie is a beautiful, sustainable City. We are an internationally connected, regionally integrated Canadian centre. Our community is growing, safe, healthy, caring and active.*

**1. A REGIONALLY INTEGRATED CENTRE**

The City of Grande Prairie is a regionally integrated centre serving a trading population of over 250,000. Our strong, diverse economy is bolstered by a variety of sectors including forestry, agriculture, oil and gas, manufacturing, housing and the commercial and entertainment industries.

We are proud of our facilities including cultural, educational, entertainment, recreational and social services. We actively encourage improved land and air based transportation links, tourism, economic development activities and partnership opportunities. Council continues to promote strong ties with senior governments.

We are a Smart City with a modern and technologically advanced infrastructure to meet the demands of the information age. Partnerships with other municipalities, public and private agencies accelerate our progress in the information age and create tremendous economic development opportunities and growth.

We are meeting citizen and visitor on-line demands for e-business and instant communication. Our presence on the World Wide Web provides citizens and the world with another method to interact with us when it is most convenient for them. Our leading edge technology enables access to timely and accurate information by staff and policy makers. Our City is positioned with the foundations that support success; Smart People, Smart Agencies, Smart Business and Smart Infrastructure.

**GOALS:**

- 1.1 Actively lead in the improvement of the region's transportation links through multi-jurisdictional initiatives.
- 1.2 Initiate and participate in opportunities to market and profile trade and commerce in our community and region.
- 1.3 Promote regional solutions.
- 1.4 Work with the Community to attract sports, entertainment, and cultural events.
- 1.5 Support health care and educational initiatives.
- 1.6 Encourage other orders of government to increase their service delivery in Grande Prairie and the region.
- 1.7 Regularly meet with Members of the Legislative Assembly and Members of Parliament.
- 1.8 Support and encourage organizations and programs promoting Grande Prairie as a visitor destination.
- 1.9 Support the continuous learning of our staff and council.
- 1.10 Continue the development of the Community Knowledge Campus in partnership with local school boards and community groups.
- 1.11 Maintain and enhance our world class e-infrastructure and services.
- 1.12 Council and staff are encouraged to participate in community events and initiatives.
- 1.13 Address news and events that impact our City and region in a timely fashion.
- 1.14 Council business is conducted on the principles of openness and accessibility.
- 1.15 Strategically participate in regional economic development.

## **2. MEETING THE NEEDS OF A GROWING COMMUNITY**

The City of Grande Prairie will continue to be fiscally responsible. We have pursued an aggressive course of debt reduction and sound financial management for the past ten years. Capital projects have been funded on a pay-as-you-go basis while the City has become very efficient in its operations to obtain this level of fiscal responsibility. The realities of becoming an Integrated Regional Centre have placed tremendous pressure upon the infrastructure and facilities to the point where serious examinations must be undertaken to balance need with ability to pay. Property tax growth is not keeping pace with the needs of our growing regional centre. By supporting the policies of Federation of Canadian Municipalities and Alberta Urban Municipalities Association, the City will aggressively pursue a new revenue deal with the other orders of government.

The Alberta Real Estate Investment Network rated Grande Prairie as the second best place in Alberta to invest in property. BMO Financial called Grande Prairie the third best city in all of Canada to start a small business. MoneySense Magazine ranked Grande Prairie as the fourth best city to raise a family in Canada out of 108 communities rated. The Federal census shows Grande Prairie as the second fastest growing city in Alberta and the third fastest growing mid-sized urban centre in Canada.

We balance our desire to keep taxes fair with the demands created by our growing community. We are committed to providing appropriate levels of service, systems and infrastructure. There is, however, a disconnect between growing industrial taxes, and the demands of the workforce and their families for community capacity improvements. The workforce wants to live, work and play in quality facilities with access to modern programs. They do not care about traditional outdated municipal boundaries. With industry locating in what is traditionally rural Alberta and most of their workforce choosing to live in traditionally urban Alberta, we need a new way to pay for the facilities and services demanded by our rapidly growing workforce and their families.

### **GOALS:**

- 2.1 Participate in regional, Alberta Urban Municipalities Association, Alberta Association of Municipal Districts and Counties and Federation of Canadian Municipalities initiatives to obtain new revenue sources to ensure our community's sustainability.

- 2.2 Work with our local Members of the Legislative Assembly and the Province to restructure the Alberta Capital Finance Authority to transfer control and management to municipalities.
- 2.3 Acknowledge the realities of regional integration and develop the service delivery models that benefit our community and region.
- 2.4 Provide adequate resources through financial planning and capital project prioritization to ensure development, maintenance and replacement of infrastructure in a timely manner.
- 2.5 Continuously improve the three year budget and review emergent needs as they arise.
- 2.6 Work together with our neighbours on regional initiatives and regional planning.
- 2.7 Review the Land Use Bylaw to recognize the full life cycle cost of development.

### **3. SAFE COMMUNITY**

Crime is not welcome in our community. We continue to add more RCMP officers to our detachment and more funding for enforcement. The RCMP, Enforcement Services and Fire Department provide us with protection to meet community needs. To reduce crime, we are committed to community based crime prevention and enforcement solutions. We ban the wearing of illegal gang clothing or logos on city property. We support the goal of making Grande Prairie bully and harassment free.

We support over 3000 skilled medical professionals and employees of Peace Country Health who provide general and specialized quality health care. The development of a new acute care hospital, advanced life support ambulance service and regional fire medical co-response ensure emergency and ongoing medical needs of our multi-jurisdictional region are met. 911 is available to all.

Aquatera Utilities Inc., our regional utility, ensures a safe supply of drinking water and an efficient sewage and solid waste system. Our award-winning transportation system is well maintained and adds to our feeling of safety and security.

#### **GOALS:**

- 3.1 Support and enhance our community-based crime prevention and enforcement strategy.
- 3.2 Review the joint management of operations between the RCMP and Bylaw Enforcement.
- 3.4 Improve and expand roads, sidewalk networks and bike routes.
- 3.5 Lobby the Provincial Government to provide equitable funding for policing costs.
- 3.6 Explore and implement a system to measure the effectiveness of our emergency service delivery.

#### **4. HEALTHY, ACTIVE AND CARING COMMUNITY**

Grande Prairie is a natural playground. Our backyard is the world famous Peace Country. We enjoy an abundance of recreational and sports programs for all ages. Muskoseepi Park is the jewel of our urban park system featuring miles of nature trails, a fishing pond, bird watching, amphitheatre, museum, baseball, tennis, basketball, an outdoor pool, picnic areas and playgrounds. The region boasts the highest number of golf courses per capita in Alberta.

Every year, over 300,000 people are entertained at the Crystal Centre, our premier entertainment and recreation venue. We are proud of our other facilities. We support and encourage local groups to be self-reliant success stories. The Grande Prairie Regional College boasts the only performing arts auditorium in Northern Alberta. The New Library/Prairie Art Gallery expansion adds to our cultural enjoyment.

We support and encourage affordable housing. Our social housing program is a national model. In partnership with other orders of government, helping agencies and the private sector, we continue to develop solutions for people with all types of social housing needs.

We empower disabled people in our community. Grande Prairie is home to North America's first fully integrated K-9 school offering on-site health care. Grande Prairie is the only city in Canada that provides free public transit for disabled people. We promote barrier-free access to all facilities. We initiated and piloted changes to provincial accessibility legislation.

We value our Seniors. The Grande Spirit Foundation manages and expands quality housing and care for seniors throughout the region. A growing number of "aging in place" communities will see our City well positioned to meet future demographic needs. Our seniors can take advantage of many recreational and social opportunities.

**GOALS:**

- 4.1 Partner with other orders of government, social delivery agencies and the private sector to meet the social needs of our community.
- 4.2 Review our community housing plan.
- 4.3 Promote the development of palliative care services including a hospice.
- 4.4 Partner with other orders of government, community organizations and the private sector to meet the recreation and culture needs of our community.
- 4.5 Continue, support and improve a regional archives management and program delivery model.
- 4.6 Continue to partner with the disabled community on the design and delivery of services to remove barriers.
- 4.7 Support projects and programs that enhance the quality of life for our seniors.
- 4.8 Monitor the integration of the Grande Prairie Pioneer Museum and Heritage Discovery Centre within the City organization.
- 4.9 Implement the recommendations of the Recreation Master Plan including the Aquatic Centre and multiplex.
- 4.10 Support the development of day care and after-school care programs.

## **5. BEAUTIFUL AND SUSTAINABLE COMMUNITY**

The City of Grande Prairie manages our eco-footprint and the growth of our community. Our vision of sustainable community development is founded on social, environmental and economic principles. We are committed to policies which encourage high quality, sustainable development.

Physical development protects the quality and integrity of ecosystems, conserves natural resources, preserves cultural heritage and uses infrastructure practices and building design to reduce the consumption of water, energy, and materials. We are committed to providing a protected environment for the endangered Trumpeter Swan. Our City continues to be the regional leaders in energy, water and waste management and environmental stewardship.

Grande Prairie is colourful, clean and attractive in all seasons. Our community includes healthy, natural areas. We demonstrate efficient use of resources, land, transportation, and servicing in our planning and development. Wherever possible, we encourage areas to reflect our sense of place. Our Urban Park system features over 1,000 acres of parkland and continues to expand. Parks, trails and natural areas provide space to enjoy nature, ensure ecological beauty, maintain clean air and water, and help preserve plant and animal wildlife. The trail network has become an important corridor linking the community and encouraging leisure activity.

Community pride is exhibited through partnerships and participation in programs such as Communities in Bloom, Downtown Beautification, and facilities such as Centre 2000, Community Knowledge Campus and the Eco Centre.

The City's core is a vibrant community with a progressive mix of commercial, cultural and residential development. Through our Downtown Enhancement Plan, we provide a framework to guide continued improvement and redevelopment in the heart of our City.

We celebrate our history. Our colourful past provides educational, tourism and economic development opportunities.

**GOALS:**

- 5.1 Continue to minimize the use of harmful chemicals and their impact on our environment.
- 5.2 Continue our commitment to responsible environment stewardship, energy use and climate protection.
- 5.3 Ensure our development plans incorporate sustainable community principles.
- 5.4 Support the implementation of a local district heating system.
- 5.5 Promote the beautification of Grande Prairie.
- 5.6 Support the enhancement of the Downtown.
- 5.7 Continue the removal of overhead power lines.
- 5.8 Improve the cleanliness and appearance of the City.
- 5.9 Design and construct attractive entry features and signage promoting the City.
- 5.10 Encourage innovative subdivision designs to improve snow removal and storage practices.
- 5.11 Develop healthy sustainable neighbourhoods using best practice principles.
- 5.12 New growth to be balanced between residential, commercial and industrial uses.
- 5.13 Partner in and promote historical projects and programs.
- 5.14 Pursue the development and redevelopment of natural spaces that are people friendly.
