

Home Security Quiz

Is your home an easy target for thieves?

OUTSIDE HOME

Are there clear views of all windows and doors?

- Yes No

The more private an area is, the more likely it is to attract the attention of a criminal. Thieves like to work where they can't be seen. Trim trees and shrubs that block sight to your windows and doors, especially eavesment windows. Consider installing a wide-angle lens peephole.

Are there visible interior or exterior lights that give the impression you are home, even if you're not?

- Yes No

Install outside lighting to eliminate dark areas around doors or windows. Consider using motion lights with a low intensity.

DOORS

Is there an easy way of seeing who is at your door without having to open it?

- Yes No

Every door should have a way of clearly seeing who is there without opening it. This will allow you to keep your door locked while assessing the visitor prior to opening it. Leave your door locked when you are at home, including your screen door. If you have a screen door, you should have it locked and you can open the main door to converse with any person while maintaining security. A locked screen door also provides additional security to any door.

Do all of your exterior doors have a deadbolt with a part that extends into the door frame that is at least one inch long? Are the screws located on the door jamb opposite the lock at least 2.5 inches long?

- Yes No

Criminals with tools easily defeat conventional key in the knob locks. Deadbolts should be installed on all exterior doors. Door kick break-ins are becoming common. To secure a door properly, the screws should be at least 2.5 – 3.5 inches long, and the strike plate should have a minimum of four offset holes.

If you have a sliding door, do you have a security bar in the bottom track to prevent the door from opening?

- Yes No

The standard locking pin on sliding doors is usually cast metal, which breaks easily. A snug fitting security bar, or even hockey stick, should be added to the door to prevent it from being pried open.

WINDOWS

Do the windows of your home have a: pin (removable nail-like object drilled through the overlapping vertical frame at a downward angle); or secondary aftermarket locking device?

- Yes No

Most window locks are easily broken. Criminals target sliding windows because they are easy to jimmy open. Add one or both of the security measures mentioned above. Basement windows, and windows next to doors, can be protected using a piece of polycarbonate – a clear, rubberized plastic. It is important that you can escape, in the event of a fire, when using a barrier-type counter-measure.

Home Security Quiz

Is your home an easy target for thieves?

GARAGE DOORS

Do you always close and lock your garage door?

- Yes No

Garages are a favourite target because they often have other valuables, such as vehicles, power tools, sporting goods, and bicycles in them. Thefts from garages are an easily preventable crime. Keep garage doors closed and locked, even when you are home. Be sure the overhead door closes completely after you drive in or out of your garage.

VALUABLES

Do you store valuables in a safety deposit box or in the basement?

- Yes No

The best place to put valuables is in a safety deposit box. A good alternative is to hide valuables in a lock box in a general storage area concealed in your home. It's a good idea to make a list of your valuables, take photos of them, and list their serial numbers and descriptions. Engrave your electronics, bikes, and tools.

NEIGHBOURS

Do you know your neighbours across the street and on all three sides of you?

- Yes No

Neighbours can look out for one another and their property. Building your community connections enhances the security and quality of your home. Neighbours are also excellent people to watch over your home when you are away.

WHEN AWAY

Do you leave lights on timers, both inside and outside the home?

- Yes No

Timers make a home look lived in and will avoid leaving your home in darkness at night and leaving the outside lights on during the day.

Do you have a trusted neighbour or friend to pick up your mail, newspapers, and flyers?

- Yes No

The accumulation of mail is a sure sign that nobody is home.

Have you made arrangements to have your lawn cut and snow shoveled?

- Yes No

The appearance of your home should not vary whether you are home or away.

Do you leave a message on your answering machine that leaves the impression you are not home?

- Yes No

Never leave a message to say or imply you are not home or away for a period of time. Keep it the same as when you are home.

Home Security Quiz

Is your home an easy target for thieves?

RESULTS

Your results reflect the level of security your home has in relation to the most common security weaknesses. If you have answered 'no' to any of these questions, consider what changes you can make to improve your home security. One final tip is to ensure emergency personnel can easily see your address from the street, even at night.
